### **ANDREA**

My name is Andrea Cervantes, and I am a marketing student here at HACC.

### **ANDREA VO**

I chose HACC because of the high-quality education I need to begin my career right after graduating.

### **ANDREA VO**

It is a HACC priority to stay up-to-date with the most advanced programs and technology.

However, with budget cuts and the rising costs of technology,

### **ANDREA VO**

it is hard to keep up with expenses.

### **ANDREA VO**

Even though some costs are high,

HACC is committed to providing exceptional educational programs

to me and my fellow students.

### **ANDREA VO**

That is why they developed the Funds for Excellence

The Funds for Excellence

are specifically designed to financially support

**ANDREA VO**

innovative initiatives that offer students, like me,

the most cutting-edge technology and programs to prepare us for careers in our field.

**ANDREA VO**

Here's how it works. If HACC employees feel they need additional funding

**ANDREA VO**

to provide us with a new program that will elevate our educational experiences, they can apply

for funding through the Funds for Excellence. If the funding is available, a committee reviews the application and, if approved, the employees will receive the funding.

**ANDREA VO**

It's as easy as that.

An education with innovative programs and technology makes a huge difference

and allows me to be competitive in the workforce right away.

Please support students like me by reviewing the various funds for excellence

From programs like culinary arts and healthcare, to virtual learning and fire and police training,

**ANDREA VO**

our various funds are as beautifully diverse as our student population.

**ANDREA**

I am confident that you will find something worthy of your support. Thank you for supporting me and my fellow students.
