

## Fund for Excellence for the Arts

The presence of creative arts – in academic offerings, as supplemental instructional opportunities and within gallery spaces – positively benefits student learning and strengthens the artistic culture of the community. HACC, Central Pennsylvania’s Community College, is committed to offering robust fine arts programs to students and our community.

The Fund for Excellence for the Arts:

- Allows HACC to support initiatives that offer high-quality visual and fine arts learning experiences to students
- Encourages the understanding and appreciation of contemporary art by offering diverse, high-quality exhibitions, lectures, workshops and experiences for students

YOUR support could help students benefit from innovative initiatives like:

### Studio arts activities

HACC can bring distinguished guest artists to provide lectures and workshops in exhibitions, music and fine arts that will add experiential learning to faculty instruction.

### Purchasing and maintaining essential and specialized equipment

This equipment includes modern, energy-efficient kilns for glass cooling and cutting-edge theater projection systems.

### Rose Lehrman Gallery Artist Series

HACC can bring exhibitions, guest lectures and workshops by gallery-featured artists to both the College and the Central Pennsylvania community.
