

Quarantine Requirements

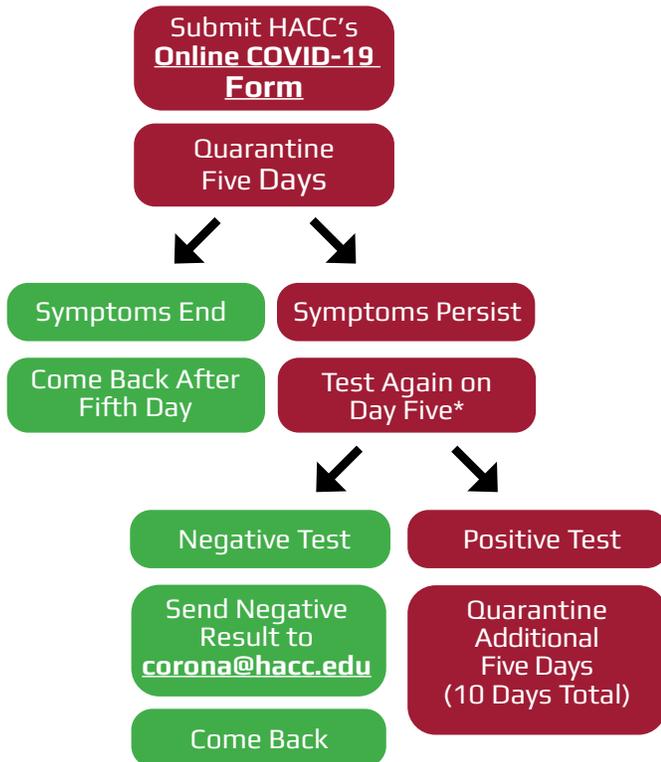

1. Close Contact

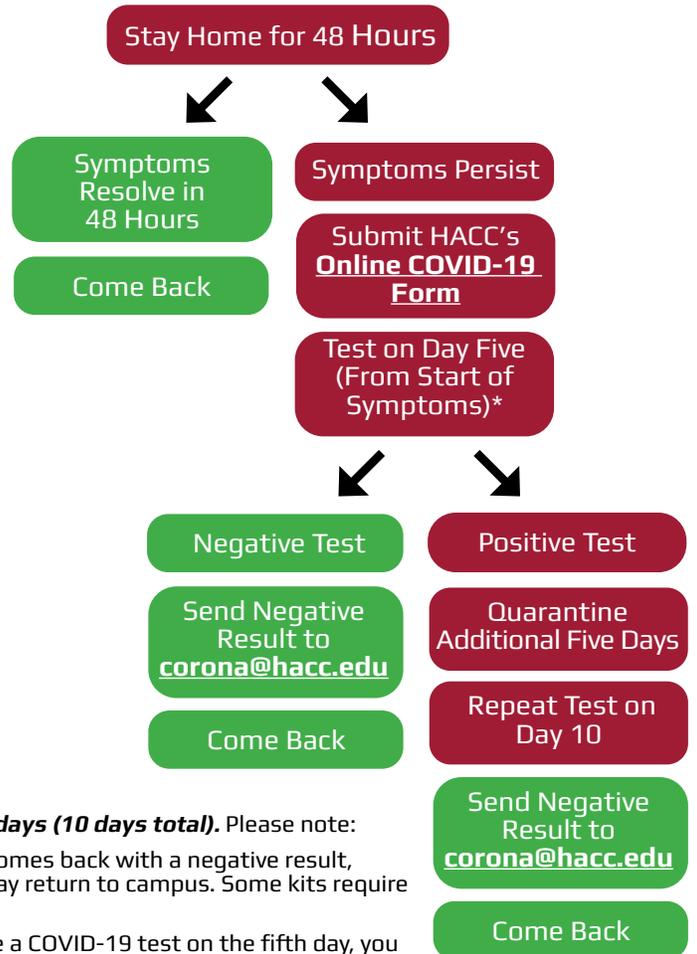

2. Indirect Contact

3. Positive Test

4. Symptoms

* If you choose not to test on day five, please quarantine for five additional days (10 days total). Please note:

- **At-Home Tests:** If you use an at-home test on the fifth day and the test comes back with a negative result, please follow the instructions on the box to determine how quickly you may return to campus. Some kits require you to test again two days later to confirm the negative result.
- **Doctor/Pharmacy Tests:** If you go to a doctor's office or pharmacy to take a COVID-19 test on the fifth day, you may not return to campus until you receive the negative test result from the doctor's office or pharmacy.
- **Rapid Testing Sites** (Example: [15stoknow.com/](https://www.15stoknow.com/)): You may return to campus if you receive a negative test on the fifth day.
- All negative results must be sent to corona@hacc.edu for review and clearance before returning to campus. Please send a photo of your negative test.
